Think of the topic. In the K column, write the things that you already know about it. In the W column, write the things that you want to know about it. When you are done with research and experiments, write what you learned about it in the L column.

<table>
<thead>
<tr>
<th>K</th>
<th>W</th>
<th>L</th>
</tr>
</thead>
<tbody>
<tr>
<td>What do I <strong>KNOW</strong>?</td>
<td>I <strong>WANT</strong> to learn...</td>
<td>What did I <strong>LEARN</strong>?</td>
</tr>
</tbody>
</table>
